SUNTEX 340

HEAVY DUTY KNITTED SHADE FABRIC

Suntex 340 is designed for Australian conditions and made to stringent quality and manufacturing specifications. Suntex 340 is a heavy duty knitted shade fabric suitable for tension structures and other heavy duty applications. It is manufactured using a combination of high density monofilament and tape which offers a higher degree of protection from UV radiation, known to cause sunburn and skin cancers. For ease of fabrication and improved performance, Suntex 340 shade fabric has been 'heat set' before rolling, to improve lay flat characteristics and dimensional stability.

COLOUR	UVR Block%	Mean UFP	Cover Factor%	Shade Factor%
Beach Sand	91.0	11.8	91.5	80.2
Ivory	91.5	14.1	93.0	70.4
Manor Red	92.2	14.1	91.6	86.5
Harvest	92.7	14.5	93.1	84.5
Forest Green	93.2	15.5	93.5	92.5
Ocean Blue	93.2	16.2	94.5	87.4
Steel Grey	92.7	14.9	93.3	85.1

Colours in order of presentation.

- ✓ UV Stabilised
- ✓ Heat Set
- ✓ Abrasion Resistant
- ✓ Up to 95% UVR Block
- ✓ High Strength

SPECIFICATION	Value	Units
Weight	340	g/m2
Dimensions (width & roll length)	3 x 40	m
Breaking Force AS 2001.2.3.1	720 / 2400	N/5cm
Breaking Elongation AS 2001.2.3.1	110 / 65	%
Tear Strength AS 2001.2.10	322 / 187	N
Bursting Force AS 2001.2.19	2195	N
